

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**HB 2262 - SB 2494**

February 12, 2018

**SUMMARY OF BILL:** Revises the way in which family planning funds may be rewarded by the Department of Health (DOH).

**ESTIMATED FISCAL IMPACT:**

**Other Fiscal Impact – Local health departments providing family planning services could see a decrease in federal funding as such funding could shift to other federal and local institutions providing such services. The precise amounts, if any, cannot be reasonably determined. The DOH currently receives \$6,700,000 for these services.**

Assumptions:

- Based on information provided by the DOH, the DOH currently receives \$6,700,000 in Federal Title X funds from the U.S. Department of Health and Human Services Office of Population Affairs to provide family planning services in all 95 counties in the state.
- The proposed legislation would put local health departments in competition with Federally Qualified Health Centers and Community Health Centers for available funding.
- Any decrease in federal funding would result in fewer clients being served in family planning programs through local health departments throughout the state.

**CERTIFICATION:**

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in blue ink that reads "Krista M. Lee".
